Prefabricated Buildings

Fire Doors

Luxtin

Clean Room Systems

Stonekraft

Prefabricated Buildings

Prefabrication accrues for end-to-end fast and hassle-free operations. Having been manufactured from supreme quality materials, these are built to set industry standards.

Features of Prefabricated Buildings

- Durable Construction, Built To Last Long With
- Stand Adverse Weather Conditions.
- Highly Customizable - Can Be Designed As Per Requirement.
- Good Insulation Properties Against Extreme Weather Conditions.
- Lightweight Construction Makes It Easy To Transport.
- Allowing The Structures To Be Dismantled, Relocated To A Different Site And Reused If One Needs To.

Metal Doors

Fire Doors Are Designed To Compartmentalize And Contain The Spread Of Fire, Specialized Applications That Meet The Emerging Industrial Needs, Made With Cutting Edge Technological.

Features of Doors

- 120 Mins Fire Integrity
- Quality Engineering.
- Impact Resistant.
- Quality Assurance

Clean Room Systems

A Cleanroom Is A Controlled Environment Where Pollutants Like Dust, Airborne Microbes, And Aerosol Particles Are Filtered Out In Order To Provide The Cleanest Area Possible. Most Cleanrooms Are Used For Manufacturing Products Such As Electronics, Pharmaceutical Products, And Medical Equipment.

Features of Clean Room Systems

- They are easy to build, adjust, and update for the best **Air Pollution** Control
- They allow their users to study highly sensitive materials and technology without comprising them.
- By eliminating concerns associated with impurities like dust and moisture, they allow operators to make accuracy and efficiency the priority.
- Modular clean rooms offer a potential tax advantage for businesses.

Luxtin

Luxury modular prefabricated Homes & Cottages suitable for farm houses, holiday homes, hotels & resorts, and are even suitable for no construction zones. All our units comes complete with all the finishes required which means you get your home / cottage ready to move in

Features of Luxtin

- ultimate in zero maintenance construction
